

Do I need a Permit from the County? Landowner/Contractor Self-Certification

By completing the following Permit Triggers Checklist and associated instructions I have verified that my proposed project does not need a permit from Washington County or will impact the septic system on the property identified below.

By answering **YES** to any of the following questions, a County Permit or Approval may be required and will need to be obtained either prior to or in conjunction with the local government permits or approvals.

County Highway: Right-of-Way / Access Permit YES NO

- My property is along a County Highway and will require a separate access/driveway to road.
- The construction activity of my project will occur within the Road Right-of-Way.

Shoreland-Wetland-Floodplain Zoning YES NO

- The area of ground disturbance of my project will be within the Shoreland Zone based on the County's GIS Map.

Private Onsite Wastewater Treatment System YES NO

- My project is a new home, business or will need a connection to the septic system.
- My project increases the number of bedrooms of the home on the property.
- My project/structure will be close to the septic system drain field, within 15 feet from the field or base of the mound.
- My project/structure will be close to the septic tank or holding tank, within 5 feet from the edge of tank (add an additional 10 feet if measuring from the edge of the tank cover).

Erosion Control and Stormwater Management YES NO

- My project will have more than: 4,000 square feet of ground disturbance; 400 cubic yards of excavation/fill; and/or disturb 300 lineal feet of a ditch or swale.
- My project adds more than 20,000 square feet of impervious surfaces including gravel, that did not exist prior to year 2000.
- My project involves the construction of a new public or private road that will serve two (2) or more homes.

Nonmetallic Mining YES NO

- My project involves the extraction and sale of nonmetallic minerals that include, but are not limited to, stone, sand, gravel, asbestos, beryl, diamond, clay, coal, feldspar, peat, talc, and topsoil.
